The Gates Salon and Spa now offers Bumble and Bumble Color Minded Product Line

BY THE STAFF

The Gates Salon and Spa is happy to announce that Bumble and Bumble's product line, Color Minded, is now available. They are one of the first salons to carry these revolutionary products. The product leaves your hair with a great shine, and conditions it in addition to preserving the color. Customers can book the Color Minded treatment when they book their color appointment. The Bumble and Bumble treatment will be available at an introductory offer of \$25 when customers mention the Gates Salon and Spa advertisement.

Known for their variety in looks, from classic styles to the most avant-garde looks, Gates Salon and Spa features a number of highly trained stylists that receive instruction by educators from New York, which helps to keep the salon on the cutting edge of hairstyles and cuts. One such stylist is Monique, who specializes in retro looks and is known for her fabulous blow-dry styles. She also excels in creating great special occasion looks, and she offers a complimentary consultation with any haircut. Similar to their experience in hair styles, the creative makeup designs offered at Gates Salon and Spa are taken from cutting edge
