Local Hair Salons Turn Out Beauty

RIGHT CUT. RIGHT COLOR. MAKES THE DIFFERENCE

**SPRING AND
SUMMER
HAIR COLORS –
BOLD VARIATIONS
VIBRANT HUES**

BY THE STAFF

When it comes to hair color trends and techniques, Master Stylist/Colorist Michel Gurule of The Gates Salon on Mission Street in San Marino, is the expert. THE staff asked him what we can expect this year.

According to Michel, unique colors will complement fashion this coming season as evidenced on the recent fashion runways in New York and Hollywood. For those who are fashion forward this will mean bright and striking colors of pinks, blues, reds and greens. In San Marino and the Pasadena Region, he sees more illuminating colors that are deep and darker at the roots and flow into lighter shades on the ends.

Blondes will really be blonde this summer with beautiful natural tones. Another trendy look will be blondes

that will almost look grey with gorgeous blonde white tones. Multi dimensional color is here this season with a variation of conventional highlights which incorporate a few different colors to get that shiny, glossy hair that everyone loves!

No matter what style or color you choose for yourself, your local salon specialists have the answers and talents to fit you perfectly. To learn more about The Gates Salon and Michel, log onto www.TheGatesSalon.com or call them direct at 626.441.1188.

The Gates staff awaits you.
